# • Increase in administrative expenses partially support future sustainable growth

Total administrative expenses for the six-month period of Q2/2017 amounting of THB 71.27 million, increased by 16.74% compared to THB 61.05 million of the same period last year. The increasing mainly came from loss on exchange rate and employee expenses increased to support future projects.

Finance cost for the six-month period of Q2/2017 was THB 58.34 million, which increased by 197.35%, comparing to the same period last year. The increasing mainly came from interest expenses from issuance of bond to support sustainable growth and future projects. According to the project plan, the first biomass projects will be commercial operation date in Q1/2018.

# 3. Share of Profit from Investment in Jointly Controlled Entities

According to Thai Accounting Standards with regards to an investment in joint controlled entities, the company recognizes an investment in joint controlled entities based on equity method. This concept was applied for the 80-MW solar PV farm. The details are as followed;

Financial Performance of joint controlled entities based on equity method

Unit: THB million

		For the six-month period			
Items	30 June		Increase (Decrease)		
	2017	2016	Amount	%	
Revenue	827.91	781.15	46.76	5.99	
Cost and expenses	(325.74)	(275.80)	49.94	18.10	
Net Profit	502.17	505.35	(3.18)	(0.63)	
Share of Profit from Investment in					
Jointly Controlled Entities (60%)	301.30	303.21	(1.91)	(0.63)	

## · Consistent performance of Joint controlled entities

Net profit of joint controlled entities for the six-month period of Q2/2017 amounting of THB 502.17 million, comparing to THB 505.35 million of the same period last year. The amount of share of profit from jointly controlled entities amounting to THB 301.30 million, comparing to THB 303.21 million of the same period last year. Net profit from jointly controlled entities would be categorized by the equity method in terms of share of profit from jointly controlled entities.

# 4. Profit attributable to Owners of the parent

According to the consolidated financial statement for the six-month period of Q2/2017, the profit attribute to owners of Q2/2017 amounting of THB 224.75 million, decreased by 22.48% compared to THB 289.92 million of the same period last year. The comprehensive income of Q2/2017 amounting of THB 207.62 million, compared to THB 380.65 million of the same period last year.

The decrease mainly came from loss on currency translation, depreciation, and interest expenses to support sustainable growth and future projects

Sincerely yours,

-Somphop Prompanapitak-(Mr. Somphop Prompanapitak) Chief Operating Officer
